

UNICARE STATE INDEMNITY PLAN
MEDICARE EXTENSION

The most popular choice for GIC Medicare retirees

Benefits effective July 1, 2019

Freedom – To go to the doctors and hospitals you choose

Peace of mind – Knowing you're protected against unexpected medical costs

Extra help – For some things Medicare doesn't cover

Mobile Health – your link to connected health

As a UniCare member, you can use our free Mobile Health app to make managing your health care – and your life – a whole lot simpler. It gives you quick, easy access to your UniCare health benefits and resources all in one place, from wherever you are. You can also use Mobile Health to check your claims, view your digital ID card, check your benefits, and much more. Use Mobile Health on your mobile device or your computer.

With UniCare's Medicare Extension plan, you'll have all this and more. That's why the majority of Group Insurance Commission (GIC) Medicare retirees choose this plan.

When you compare the health plans available to you, take a careful look at what's covered. Can you go to any doctor you want? What expenses will you end up paying? You'll find that the Medicare Extension plan offers everything you want in a health plan.

We've got you covered

- **Use any doctor and any hospital in the U.S.**
This means you can get routine and ongoing care (not just emergency care) when you're away from home. You'll get the highest benefit when you use Medicare participating providers.
- **Coverage for care when you travel outside of the U.S.**
- **Your prescriptions are covered.** There's no coverage gap – no "doughnut hole" – to leave you stuck with costly prescription drug bills.
- **Your Medicare coinsurance and deductible are covered.**
- **Your doctor visits are covered for a \$10 copay.**
You have the same copay when you see nurse practitioners and physician assistants or use urgent care centers or retail medical clinics. With the other Medicare plans available to GIC retirees, you pay a \$15 copay for most doctor visits.
- **Routine eye exams are covered every two years for a \$10 copay.**
- **Four outpatient visits to an in-network behavioral health provider are covered without a copay.** The other plans have a \$15 copay for those visits.

Still wondering? Here are some more reasons to choose Medicare Extension

- You're covered for some of the things Medicare doesn't cover – like **hearing aids and routine eye exams**.
- UniCare's **experienced Member Services team** serves GIC members only. So you can count on getting expert support whenever you call.
- There are no limits for pre-existing conditions. There are no lifetime maximums, either.
- You pay no calendar year deductible.
- You have free access to our **24/7 NurseLine**. Registered nurses are available to take your call, answer questions, and offer guidance about your health concerns.
- You'll get benefits to help you **quit smoking**, and up to \$100 toward your **gym membership**.
- You get **discounts** on health clubs, glasses and contact lenses, hearing aids, health programs, and more. For a list of available discounts, visit unicarestateplan.com.
- Get tips on **healthy living** with our Mobile Health app, along with member alerts on important plan news and other helpful information about your plan.
- **Automatic Medicare crossover** means your claims are sent directly from Medicare to UniCare. You don't need to file twice.
